

POSTPONEMENT OF MATCHES DUE TO INTERNATIONAL, IRELAND A AND INTERPROVINCIAL MATCHES

The Union will endeavour not to arrange Challenge Cup rounds (including reserve dates) and Premier League fixtures on dates where it is known in advance that Cricket Ireland (CI) intend playing Senior Internationals (including Ireland A or Interprovincial matches).

After the dates for Challenge Cup rounds (including reserve dates) have been published and CI subsequently arranges a Senior International (including Ireland A or Interprovincial matches) for such a date a club may postpone their fixture (including a rearranged fixture) if it has a player(s) selected.

After the dates for Premier League fixtures have been published and CI subsequently arranges a Senior International (including Ireland A or Interprovincial matches) for such a date a club may postpone their fixture (including a rearranged fixture) if it has a three or more starred players selected.

Where a rearranged fixture on the fourth Sunday clashes with a Senior International (including Ireland A or Interprovincial matches) the rearranged fixture will move to the next available Sunday.

Where CI arranges a Senior International (including Ireland A or Interprovincial matches) in the NCU area after the Challenge Cup and Premier League fixtures have been published the Union's Management Board may at its discretion declare the date a 'closed date' and make alternative arrangements for fixtures scheduled.

The policy will also apply, where appropriate, to 1st XI's playing in the Junior Cup and to clubs playing league fixtures in Senior Leagues 1, 2 and 3.

This policy will not apply to International and Interprovincial fixtures at age-group level.
